

Tartu ülikooli filoloogiprofessor Leo Meyer pidas Õpetatud Eesti Seltsis ettekande Baeri mälestuseks, mis trükiti hiljem ära eraldi brošüürina.

Leo Meyer, a professor of linguistics of the University of Tartu, performed a commemorative report on Baer at the Learned Society of Estonia. It was later published as a separate booklet.

1973. aastal asutati Eesti TA Zoologia ja Botaanika Instituudi juures Baeri muuseum. 1975. aastal ilmus muuseumi väljaande *Folia Baeriana* 1. köide. Kokku on ilmunud 7 köidet (viimane 1999).

In 1973, Karl Ernst von Baer Museum was set up at the Institute of Zoology and Botany of the Estonian Academy of Sciences. In 1975, the first volume of the serial publication *Folia Baeriana* appeared. All in all 7 volumes have been published (the latest in 1999).
