

1875. ja 1876. dikteeris nägemise peaaegu täielikult kaotanud Baer töö Homerose Odysseias mainitud geograafilistest paikkondadest, mille Ludwig Stieda 1878. a. pärast Baeri surma välja andis.

In 1875-76, Baer, who was almost completely blind, dictated a paper on the geographical locations mentioned in Odyssey by Homer. It was published by Ludwig Stieda after the death of Baer, in 1878.
